

INTRODUCING THE EFHP2000 HIGH PRESSURE PLUNGER PUMP

The new EVERFLO high-pressure plunger pump features Quick-Connect ports that provides the necessary flow needed for spot spraying and broadcast spraying. This 12V plunger pump provides high performance up to 2 GPM and 200 PSI, allowing the user to spray longer distances or atomized droplets for misting applications.

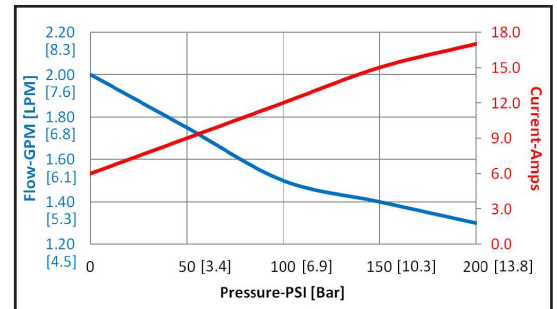

FITTINGS INCLUDED:

- 3/8" Elbow Hose Barb (1)
- 1/2" Elbow Hose Barb (2)
- 1/2" MNPT (1)
- QA Plugs (2)

KEY FEATURES:

- Pressure switch for on-demand operation, decreased wear on the motor and less draw from battery
- In-line fuse for added protection
- Includes multiple ports for connecting a spray gun, boom and accessories
- With compatible gun and high pressure hose, spray stream can reach up to 30ft vertically
- Approved for use with RoundUp brand herbicides.
- Standard mounting pattern.

UP TO
200
PSI
